

BS&A Payments

Streamlined payments for municipalities and their residents

For municipalities that invoice residents for taxes, utilities, and other civic fees, BS&A Payments offers a more efficient way to accept payments electronically, online, and over the counter. Native to BS&A's core software and online resident-facing platform, BS&A Payments improves workflows and reconciliation processes for staff and expands value for residents.

Designed Specifically for How Municipalities Operate.

Real-time Payment Processing Real-time transaction processing and posting for taxes, utilities, and other civic fees. Seamless ERP integration eliminates manual data entry and file imports, minimizing manual processes and potential for error.

Automated Reconciliation Streamlined bank reconciliation creates time savings, allowing municipal staff to focus on higher value initiatives.

Centralized Transaction Data All electronic payments data is accessible directly from BS&A's core platform, providing transaction level detail in a unified interface.

Modernize Your Payments Acceptance Position your municipality as tech-enabled and forward-thinking by offering residents the most modern payment methods, both in person and online.

All-Inclusive Pricing All-inclusive, flat-rate pricing eliminates hidden or unexpected fees and simplifies the budget forecasting process. No need to worry about fees for setup, monthly minimums, statements, recurring payments, PCI compliance, chargebacks, or batches.

Focusing on the Resident Experience.

Turning what was once a chore into a seamless journey, BS&A Payments was built with residents in mind.

Single Login for BS&A Online

A single user account streamlines access to electronic payments and other citizen engagement tools, all under one roof.

Ease of Use

The user-friendly, mobile responsive, and accessible interface ensures all residents can make payments easily from anywhere.

Autopay Capability

Allows residents to configure ongoing automatic payments, ensuring they never miss a due date, and reducing late payments to the municipality.

Security and Compliance.

Processing in a PCI Level 1 compliant environment ensures the security of resident, municipality, and payment transaction data.

Automatic Card Updates

Embedded Card Account Updater capabilities maintain up-to-date credit and debit card information when resident cards expire or are replaced, reducing payment disruption.
